2025 COLLECTION

OUR CANDLES

Each of our candles are lovingly hand poured with high quality locally sourced wax and wicks to ensure non-drip luxury candles

We use our own unique pouring technique to create a modern rustic look

Our candles blend traditional techniques with contemporary designs suited for luxury gifting and events alike.

In addition to our uniquely shaped candles for purchase, we offer a range of pillar candles for hire

- Candles shown are from our Earth Range: Nude
- Candle colours may vary slightly from pictures due to lighting and unique character of hand poured candles
